

PATRIOT BANDS

Southern Alamance High School - Graham, NC

Dear Sponsor,

Southern Alamance High School Marching Band has renewed its strong tradition of excellence in performing, on the field as well as in competition. We are a band filled with superior-ranked musicians and have been invited to perform throughout North Carolina.

As you know, the school district provides very limited funds for the band program's needs. However, there are simply not enough funds in their budget to support all of the needs we have this year at Southern Alamance High School. Much of the money we use for operating a successful season comes from donations received from students' families, fundraisers, and donations from community leaders and businesses. We hope that you will add your name, or the name of your business or foundation, to the list of interested sponsors for the 2014-2015 year. We acknowledge our sponsors on our band trailer which is present on the field at all home football games, parades, competitions, and at our performances throughout the year.

For more information on how your donation is helping to make a difference in the young lives of future leaders of our community, please contact Mr. Josh Morgan, Director of Bands at Southern Alamance High School (Email: SAHSDirector@gmail.com) or visit our band website at www.sapatriotband.com.
